

Discussion Guide for Titus 2

1. How would you define every day obedience for where you are in your life right now?
2. In what ways do you or have you compartmentalized your walk with Christ? For example, Sundays are different from the rest of the week. Who you are in church is different than at home, etc.
3. Paul is making a big deal here about how we as Christians can either make the Gospel message attractive or unattractive (v. 5, 8, and 10). What do you think comes to mind when non-believers think of the word, "Christian," today? How can we influence that?
4. What do you feel like your role is in advancing God's Kingdom? What could it look like?
5. How does the revelation of God's grace instruct us to turn away from sin and live for Him?
